Tea Selection

Tea

Commonly known as black tea, made from dried *Camellia sinensis* evergreen shrub

Decaf Tea

It in the name this is our caffeine free black tea same greats taste just no caffeine

Earl Grey

A delicate tea with a delicious twist of citrusy bergamot.

Red Bush

Made from the red bush or rooibus plant, a refreshing brew with a glorious copper-red earthy colour and sweet flavour and even more its caffeine free too.

Peppermint

Naturally caffeine free from dried peppermint leaves which are full of essential oils and makes for that invigorating minty taste.

Chamomile

The main part of this flower is pollen heads, these are the sweetest part of the plant and this plant is traditionally used for calming the mind and help you relax, also it's caffeine free.

Lemon & Ginger

Citrus and spice, revivable tea with spicy ginger to warm you then blended with zest of the lemon, traditionally drank after a meal to aid in digestion.

(One of our fruit teas, but please ask what we have in stock)

Green Tea

Sencha green tea also comes from *Camellia sinensis* but is gathered before they turn brown, this then refreshed with different flavours (please ask what we have in stock), also good for your body it helps to increase brain power and its antioxidants have many health benefits.
